REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance:

Instant claims 1-97 are allowable, since the prior art of record does not teach or suggest in general a liquid aqueous machine dishwasher product comprising a builder, 0.1-70% by weight of a copolymer containing one or more unsaturated carboxylic acid monomers and one or more sulfonic acid monomers, and one or more magnesium and/or zinc salts, as required by applicant in the instant invention. Furthermore, the examiner acknowledges that applicant has filed Terminal Disclaimers over copending Application Nos. 10/752,947 and 10/753,130.

Accordingly, the claims viewed as a whole would not have been obvious to one of ordinary skill in the art at the time of the invention after viewing the prior art of record.

2. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
